

ENVIRONMENTAL POLICY

Abbey Skip Hire Ltd is a waste and recycling management company located in bury. We specialise in the collection, segregation, recovery, recycling and disposal of domestic, industrial, construction & demolition waste types

We are a registered waste carrier/broker with the Environment Agency and operate a fully licensed waste transfer station where we segregate and recycle as much of the waste we receive as is possible, Thus minimising the amount of waste disposed to landfill sites.

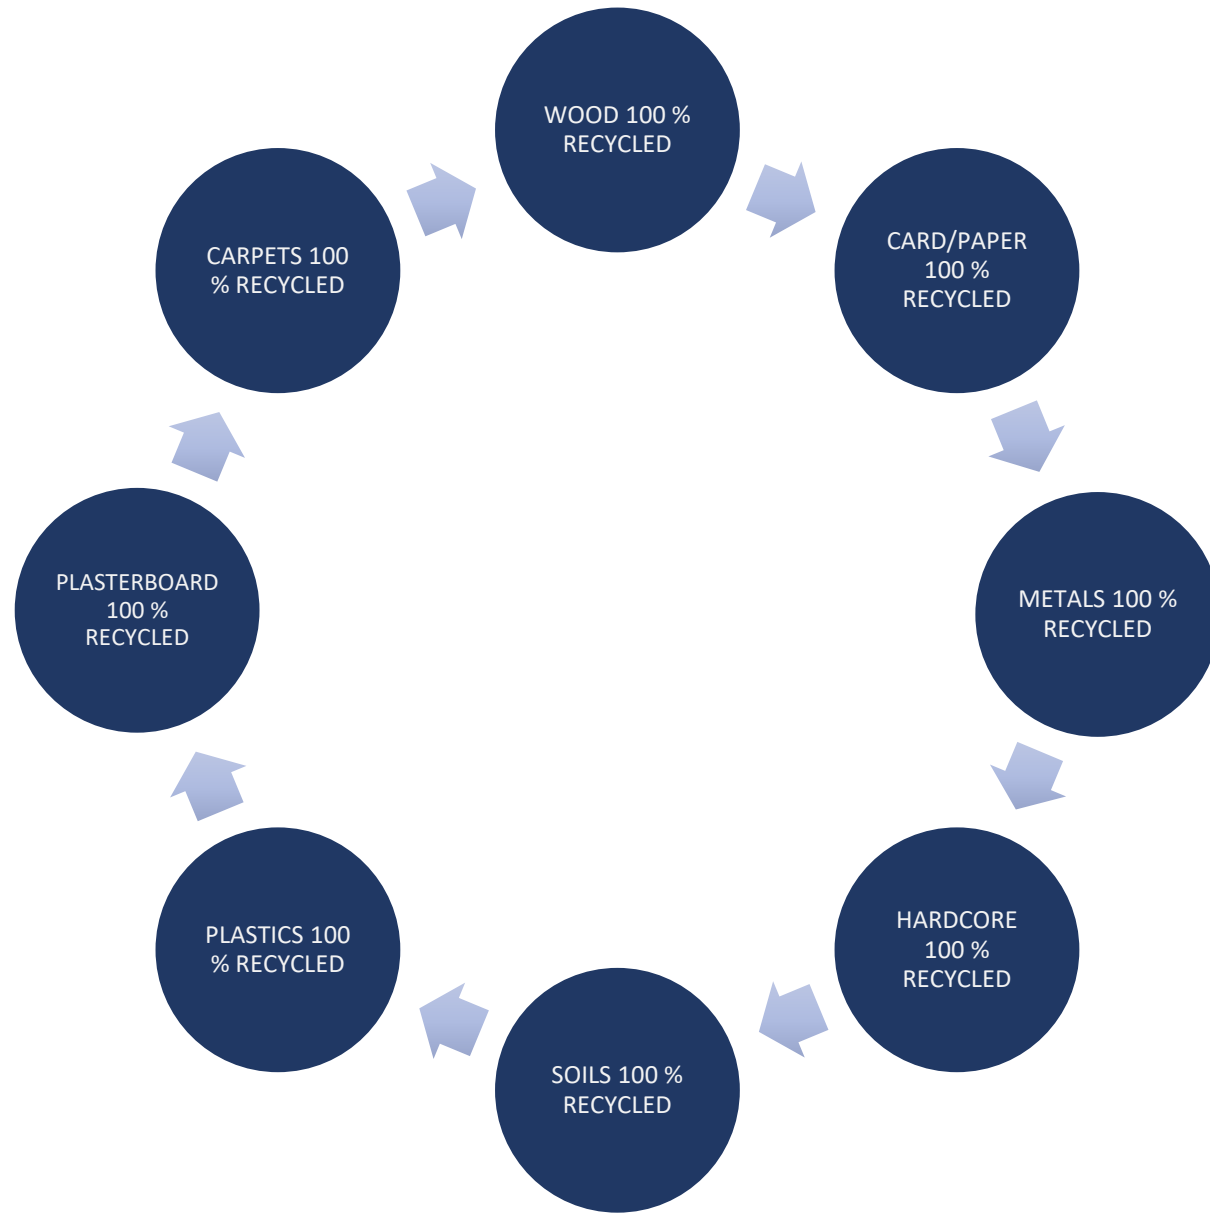

Mixed waste skips are brought back to our recycling facility by our company vehicles, tipped and are then subjected to a range of manual and mechanical segregation processes with the aim to recover and recycle around 95% of all incoming waste materials we receive.

Abbey Skip Hire is fully committed to the protection of the Environment and to minimise environmental impacts that may arise from our daily activities, products and services.

We Undertake To :

- *Comply with applicable legal requirements and other requirements to which the company subscribes, which relates to Environmental aspects, such as the Duty of care (waste) Regulations and the Environmental Permitting Regulations.*
- *Plan and manage operations to minimise the Environmental Impact of our recycling operations to our neighbours.*
- *Monitor and improve our Environmental Performances.*
- *Manage and minimise all waste, while maximising recycling and reuse opportunities.*
- *Control noise, contamination, discharges and emissions to reduce the risk of pollution.*
- *Inspect, investigate, remedy and learn from issues that may have occurred so that such incidents are reduced to a minimum.*
- *Continue to invest in plant, infrastructure and staff to ensure the continued efficiency of the business.*

This Policy is communicated to all staff, contractors and supplies and will be available to the public.
